**Senate Reconsiders Items
That Were Passed
Yesterday.**

**SUBSIDY FOR STEAMERS
FAVORABLY ACTED ON**

**Senators Have Completed All But Few
Items—Bill Nearly Ready
To Pass Second
Reading.**

The Senate at this forenoon's session, behaved very well. There was not a harsh word said and the work went along as if a program had been arranged. Indeed, the Senate did so well that only a very few items now remain to be settled on before the motion to pass the Appropriation bill in second reading can be properly made. These items are still in the hands of the committees to whom they were referred and, as these have promised to report tomorrow, the bill will probably be completed at that time.

When the Senate met this forenoon, Mr. C. Brown introduced the following bill, notice of which he had given a fortnight or so ago:

An Act making special appropriations for the use of the Territory of Hawaii during the ensuing biennial period.

Section 1 reads as follows: The following sums amounting to \$1,079,800 are hereby appropriated out of any moneys which may be received by the Treasury during the ensuing biennial period from the sale of any bonds which may be issued in accordance with any law in force, or that may hereafter be enacted.

(Here follows the detailed list of items for which the \$1,079,800 is to be expended.)

This bill passed first reading and was referred to the Printing Committee.

Mr. Kaula introduced the following resolution for the appropriation of money for items not included in the Appropriation bill:

Resolved, That the following sums for the following specified purpose be placed in the general appropriation bill:

1. That the sum of \$15,000 be appropriated to erect a home near the new Reformatory School for poor children who are citizens of the Territory of Hawaii, and that the same be placed on the government land between Kahuku and Hale, Oahu.
2. That the sum of \$10,000 be appropriated to improve the Reformatory School at Kapalama for poor girls and establish a department for indigent children from the age of four months to six years, who are citizens of the Territory of Hawaii.
3. That the sum of \$45,000 be appropriated to improve Lahainauna Seminary.
4. That the sum of \$20,000 for the extension of Vineyard street to Kamehameha School for Boys.
5. That the sum of \$1,500 for the Kalihl road beginning from Kailua Tract to the end of said street near Kiloheana.
6. That the sum of \$50,000 be appropriated for the extension of School street to Kamehameha Fourth road.
7. That the sum of \$10,000 be appropriated to improve Puna road.
8. That the sum of \$30,000 be appropriated to improve King street to Moanalua, and \$40,000 on same street to Wailua, Kahuku, the Koolaua to end of Nuuanu road.
9. That the sum of \$2,000 be appropriated for a street in Iwilei, Fifth District.
10. That the sum of \$5,000 be appropriated for all the streets at Kakaako.
11. That the sum of \$5,000 be appropriated for the purpose of obtaining clearing, platting and fencing a public

cemetery to be located on public lands near the city of Honolulu for the poor people to be under the control of the Superintendent of Public Works.

On motion of Mr. Paris, this resolution was referred to the Public Lands Committee to investigate.

At this point the Appropriation bill was again taken up for consideration. On motion of Mr. Achi, the following items under the head of Commission of Agriculture and Forestry, passed as in the bill: One-half Expenses and Freight, Entomologist, \$1000; Materials, Tools, Supplies, Hoes, Fencing, etc., \$1000; Importation of Plants and Seeds from Foreign Countries, and Collecting, \$1500; Stationery, \$1000; Stamps, Periodicals, etc., \$400; Advertising, Printing, etc., \$150; Additional Laborers' Quarters Nuuanu, \$500; Competitive Exhibitions of Fruits, Vegetables, Plants, etc., \$1000; Feed, Shoeing, etc., for Horses, \$400; Traveling Expenses for Commissioner and Forester, \$1000; Quarters for Two Laborers and Shed, Tantalus Forest, \$300.

The following items were then taken up and passed as follows: Pay of Commissioner (Agriculture and Forestry), reduced from \$7200 to \$4800 as recommended by the commissioner; Pay of Entomologist, \$4000; Pay of Chief Forester, reduced from \$3600 to \$3000 as recommended by the committee; Pay of Gardener, \$2040; Pay of Forester, \$12,040; 1 Laborer, Tantalus, \$525; 1 Laborer, Tantalus (new), \$432; 5 Laborers (nurseries), \$1296; 1 Laborer, \$325; Pay Roll, Thomas and Emma Squares, \$2040.

The item, "Pay of Expert Forester, \$1800," was struck out according to the recommendation of the committee. The item, "15 Laborers, Nuuanu Forest (10 more men), \$4830," was amended to read as follows: Laborers, Nuuanu Forest, \$4320. The latter figure is the recommendation of the committee.

The item "Pay Roll, Makiki and River Parks, (new), \$2040," was amended to read as follows: "Pay Roll, River Parks, \$2040."

Upon motion of Mr. Achi, the two items relating to the erection of a hospital for diseased animals in Hilo and pay of a veterinary surgeon for the same place, were reconsidered and then struck out.

Mr. Achi tried to get a reconsideration of the item of pay roll for the Kailua camp but the chair ruled that, since more than one day had gone by since the item was passed, it could not be reconsidered.

Next came a reconsideration of the following item, which was struck out at yesterday's session: Subsidy for Steamship Service Between Honolulu, Molokai, Maui, etc., \$5200. After much discussion and three separate amendments, the item was passed in the following shape: Subsidy for Common Weekly Carrier Service between Honolulu (Oahu), Kaula, Kaula, Pukoo, Halawa, Wailua, Pelekunu (Molokai), Lahaina and Kahului (Maui), and Kahalepalaoa, Manele and Awaia (Lanai), not to exceed the sum of \$5200 and to be awarded after public bid or tender to the lowest bidder, \$5,200.

At 12 m., the Senate took a recess until 2 o'clock.

NIGHT SESSION HELD BY COMMISSIONER

Commissioner Robinson of the United States Court heard testimony last night from 7:30 to 10 o'clock, in the case of the United States vs. H. H. Hatfield and Joseph Johnson, charged with assault on the high seas. The two defendants are first and second mates respectively on the Balclutha and the complaining witness was Olaf Emblem, the ship's carpenter. Three witnesses testified to having witnessed the assault made by Hatfield. The defense put on no witnesses but, Attorney W. A. Kinney made a motion to discharge Hatfield which was allowed by the commissioner. The case of Johnson was taken under advisement.

This morning at 9 o'clock Commissioner Robinson decided the Joseph Johnson case, binding him over to appear at the October term of the United States Court or before a Federal Grand Jury, should one be called before that time. His bond was fixed at \$1000. The witnesses in the case are also held under recognizance bonds of \$500 to appear at the same time.

Sailors Union Men Are on the Rampage

Lewis and Turk, the shipping masters, had a narrow escape from a bad beating this morning at the hands of the Sailors' Union men who, about twenty strong got after the shipping men on Queen street. As a rule the partners are equal to five or six sailors when they try to do them up but this morning there were at least twenty in the bunch.

The trouble all arose over the shipping of non-union crews by the shipping masters. The Union have been losing a great many ships lately through the enterprise of Lewis and his partner and they are becoming very ugly. This morning when a crew was about to be shipped the Sailors' Union put their feet down and declared that the ship should take nothing but a Union crew if she had to wait here all summer. Lewis went out and got a crew and was on his way with the men

to the shipping commissioners when the Union men jumped him. He ran into the store of Wilder & Co. on Queen street and a policeman seeing that there was going to be trouble sent word to the station and soon there was a squad of police on the spot but too late to see the trouble. Warrants were sworn out by Lewis for the arrest of several of the men and tomorrow they will have a chance to explain matters in the Police Court.

SEATTLE STEAMER COMPANY

Word was received here by the last steamer that within a month there will be established a new line of freight steamers between Seattle and this port. Messrs. Barneson & Chilcott of the northern city have incorporated under the firm name of the Globe Transportation Company and have now on the way out from New York three steamers newly built for the trade. The steamers are the Eureka, 2800 tons, carrying capacity, the Tampico, 3000 tons carrying capacity and the Meteor, 3400 tons capacity. On the 8th of June the Eureka was thirty days out from New York on her way to Seattle and it is expected that she will leave the latter port on the first of August for Honolulu.

Arrangements have been made with the Great Northern and Northern Pacific Railroads to do all their carrying from the North to the Islands and it is thought that even if the steamers can not get return cargoes of sugar they will pay if they get full cargoes for the Islands. They are built to carry big loads on a minimum consumption of coal and it is thought by making round trips in twenty-five days that they can be operated at a big profit. The local agency has not yet been placed but there are two or three firms after the line.

FIGHT AT CLUB STABLES.

There was a disgraceful occurrence at the Club Stables yesterday afternoon in which two horse trainers and a horse fancier figured. It seems that Chris Holt was riding out of the stables when Jockey Burns passed a nasty remark about Holt's crowding him or his horse which stood nearby. Holt stopped and asked Burns to repeat his remark. Burns did so. Holt jumped from his buggy and went toward Burns. There were some hot words and blows followed. Burns was joined by O'Brien and both were doing up Holt when Officer Nisiel Jackson appeared on the scene. He tried to separate the fighters when Burns struck him. Jackson squared off from the bunch and gave his sole attention to Burns who very soon found that his reputation as a fighter was not very much help for Jackson landed an awful blow on his forehead, resulting in a cut that required stitches later on.

O'Brien, seeing the fate of his companion in the cowardly assault on Holt, turned to Jackson who, in the meantime had handed over Burns to the tender care of Officer Neilson. Jackson gave O'Brien a dose of the same medicine which he had given Burns. A man by the name of Curry was also arrested for taking part in the fight and all three men were taken to the police station.

SALVATION ARMY WEDDING.

The Salvation Army wedding at the Y. M. C. A. hall last night was an interesting event to the large number of spectators as well as a happy one for the principals, Captain J. H. P. Jensen and Adjutant Maude Sharpe. There were over four hundred people present. The platform was decorated with the colors and emblems of the army.

The ceremony was performed by Major Wood, the prescribed marriage formula of the Salvation Army being pronounced. Mr. J. McCormick served as best man and Miss Minnie Sharpe as bridesmaid.

HOUSE TRIES TO RAISE SALARIES

**Would Give The Four
Department Heads
\$6,000 a Year.**

**EMMELUTH AND GILFILLAN
HOLD A TETE-A-TETE**

**Beckley Attacks Registrar of Conveyances—Gillfillan Lectures on
"Perks"—Other
Matters.**

In the House the salary bill still hangs fire on third reading. Only four items remain to be passed, but the House always bucks at the idea of getting rid of the bill on third reading.

The four items left are the salaries of the Attorney General, Treasurer, Superintendent of Public Works, and Commissioner of Public Instruction. These would undoubtedly have been passed this morning at \$9000 apiece but for a motion to adjourn cutting off further deliberation on the matter.

Mossman started the debate by moving that the Attorney General's salary be fixed at \$9000. Makainal moved to include all four of the items under that salary.

"Mr. Speaker," began Emmeluth, "I am entirely opposed to any such move as this. The salaries in the States are not nearly as high as those we have here. In Oklahoma, the Treasurer receives \$1800 a year."

"Mr. Speaker," interrupted Aylett, "the gentleman is out of order, as the previous question has been moved and seconded."

"Yes, I know it has," replied Emmeluth, "and I know that you belong to the class that try to choke every debater off. What kind of a man is this Attorney General? Just the other day, I went to his office and found his whole department traducing the character of a gentleman employed in one of the other departments. He is a man who spends a great deal of his time with L. A. Thurston. From this time on, Mr. Speaker, this is to be a personal campaign from the Governor down to the lowest clerk, and salaries will be governed accordingly. Gentlemen, the Treasurer of Utah gets but \$1000 a year."

"Mr. Speaker," began Makokan, "we are not talking of Utah but of the Territory of Hawaii. They are not the same thing at all."

"The honorable gentleman forgets to mention the 'perks,'" interrupted Gillfillan. "A man in that position can afford to spend many times his salary a year."

"The what?" asked Emmeluth. "The 'perks,'" answered Gillfillan. "Please explain," said the gentleman from the fifth.

"Perks," replied Gillfillan, "is a certain percentage on all public money received by the Treasurer," and Emmeluth "tumbled."

Faale broke off the Emmeluth-Gillfillan tete-a-tete by moving to fix all the salaries at \$6000.

A motion to adjourn cut off further debate.

House bill 3, providing for the current expenses for the next two years, came up for second reading. On motion of Emmeluth, it was referred back to the Finance Committee with instructions to segregate the items under the different districts, so that each island delegation could report on them separately.

In considering the Registrar of Public Conveyances, Beckley attacked this officer rather severely. He stated that the present incumbent was not worthy his position and, more than two-thirds of his time was spent getting out his annual report at a loss to the government. The clerk there did all the work, getting no holidays and working all day long. He moved to lower the salary to \$2600, and his motion finally carried.

"According to your statement," Akina interjected, "the Registrar could be indicted for receiving money under false pretences."

An item of \$5000 was appropriated for the keep of lunatics and jailors on Maui.

The House adjourned at 12:10.

Telephone Boy Killed.

Pouka, a native lineman of the Mutual Telephone Co., who was injured in a fall from one of the poles while working down town last week, died at Wailua yesterday. It was seen that the poor fellow could not live and, shortly after the accident which resulted in internal injuries, he was sent to his people down the road. There he lingered until yesterday.

JUDGE GEAR MAKES DECISIONS

The case of Jonathan Shaw, Tax Collector vs. C. W. Booth, was decided yesterday by Judge Gear. By the judgment, Booth is required to pay \$1500 taxes with 10 per cent penalty and court costs. This tax was assessed against Pacific Heights property which

defendant claims had passed from his ownership prior to January 1. Three trespass cases were also decided. M. Barnardo, plaintiff in each, was awarded one dollar damages against Crespin da Camara whose four horses had trespassed. The defendants in the other two cases were given judgment for their costs.

AT THE ORPHEUM.

With the performance of Lost in New York this evening, the engagement of the Ellefords closes. The company will not leave until the end of the week, but will devote their leisure time to sight seeing. The average theatrical company is too busy during their engagement to enjoy many of the beauties of the Islands and the Ellefords are glad of the opportunity. Arrangements have been made whereby the company returns next year with a new repertoire. The Ellefords have thoroughly pleased Honolulu audiences and are assured of a welcome on a return trip.

The house was crowded last night to the doors and the bill kept the audience thoroughly entertained from the rise to the fall of the curtain. There are plenty of specialties and the play itself is a series of sensations of which Jessie Norton is the center.

HOTEL REINCORPORATES.

Articles of incorporation have been filed with the Treasurer by the Royal Hawaiian Hotel Company, Limited, taking over the business of the Royal Hawaiian Hotel as now conducted and the property on which the business is carried on. The parties in the new corporation are the same as those in the old, to wit: Henry R. Macfarlane, Edward C. Macfarlane, George W. Macfarlane, William Lishman, Mason W. W. Gilbert and John Ross. The purposes of the corporation are to operate the hotel and carry on such business as may be incidental thereto.

The capital stock is \$200,000 divided into two thousand shares of the par value of \$100 each. Option is reserved to increase the capital to \$1,000,000.

IN THE POLICE COURT.

There were twenty-three cases on the Police Court calendar this morning. Most of them being assault and battery cases. Asai, a Japanese, who was indicted by the Grand Jury will not have a trial before Judge Wilcox but is being held for the next Circuit Court term. Five native boys who live at Moanalua appeared in the Police Court charged with assault and battery on Hol Chuck. Their cases were dismissed. The case of the five boys against Hol Chuck for assault with a weapon was nolle pro'd. One of the cases against H. A. Hadley, charged with gross cheat was nolle pro'd, and the defendant held to answer before the Circuit Court on the other. Apua, a small native boy was reprimanded by the court for being a habitual truant. He was discharged on promising to be a good boy. The case of Frank Barate charged with assault and battery on Ah Chan was set for June 19th.

The participants in the free for all fight which took place in the Club Stables yesterday afternoon appeared in the Police Court this morning. There was no attempt at prosecution by the sheriff and the men pleading guilty were fined and the cases closed.

Three drunks were fined \$2 and costs each.

SEALE-BELLINA.

The wedding of Miss Victoria Seal and William Bellina took place this morning at St. Clement's chapel. Rev. Mr. Osborne performed the ceremony. Mr. and Mrs. Bellina sailed in the Kilauea for Kailua Ranch of which Mr. Bellina is the manager.

ORDERS RECEIVED TO CONDEMN LAND

The following telegram was received by Judge Morris M. Estee yesterday afternoon, he, having charge of United States District Attorney John C. Baird's mail during the absence of the latter on the Mainland for his health.

Washington, D. C., June 7, 1901.

John C. Baird, U. S. Attorney, Honolulu Hawaii.

By request of the Secretary of the Navy, you are hereby instructed to institute immediately proceedings on behalf of the United States for the condemnation of lands at Pearl Harbor, Hawaii, for naval purposes. Description of the lands will be furnished by Lieut. Com. Pond at Honolulu.

When asked what course would be pursued, Judge Estee said: "This will be an action to condemn land for the United States and will be conducted pursuant to the laws of the Territory except when they conflict with the Constitution and the statutes of the United States."

"The instructions are that action be immediate, and the absence of Mr. Baird will not prevent the filing of a petition accordingly within the specified thirty days."

It is understood that special counsel will be secured to begin the action at once.
